NORTH OAKS
HOME OWNERS' ASSOCIATION

NOTICE OF PUBLIC MEETING
April 27th (Wednesday)
7 PM in the Community Room
100 Village Center Drive

Dear neighbor,

At the City Council Meeting on March 10th, residents in the area adjacent to the Maintenance Facility at the end of Peterson Place brought their concerns to the Council regarding the traffic and noise from the activities at the facility. Some residents were unhappy with the amount of traffic on Peterson Place into the facility. Concerns were voiced about the early morning noise coming from the facility, particularly as related to the collection activities surrounding recycling.

The Maintenance Facility is located on North Oaks Homeowner Association (NOHOA) property. It is leased to two different entities for two separate purposes;

1. Mel's Services uses the area for North Oaks road and property maintenance.
2. The City of North Oaks leases part of the facility for their recycling program which is administered by Peterson-Waddle Trash Removal.

The City and NOHOA are co-sponsoring a public meeting to gather additional information concerning the residents' opinions about the activities in the area. We are looking for input regarding what could be done to mitigate the impact of the facility on the surrounding neighborhood

Both the City and NOHOA will accept emails and phone calls regarding your opinions, we would prefer your presence at the public meeting in order that we and you hear the comments made by other residents in your area. No decisions will be made nor votes taken at this meeting, it is intended for information gathering only.

Please join us and offer your comments.

Sincerely,

The City of North Oaks and The North Oaks Homeowners Association
